## Mayor's race gets a late write-in candidate

*Candidate says he can get things done despite not living in the city*

By JAMES COOK  
Times Editor

The race for the mayor's office in Clay City got a little more interesting and a little stranger last Friday. A write-in candidate filed at the last minute and now there is some question as to the candidate's qualifications.

Tyler E. Jones, 29, filed on the final day for write-in candidates. He will run against the incumbent mayor James "Jimmy" Caudill and former Clay City Councilman Ray Profitt. But questions have arose about Jones' qualifications, the main question being if he even lives inside the city limits.

According to the Declaration of Intent to Be A Write-In Candidate forms Jones filed last Friday, he apparently resides at 6190 Hardwick's Creek Road. That places him just about six miles outside the city limits.

Under the Kentucky Revised Statutes a person running for mayor in a city must be a resident of the city "or not less than one (1) year prior to his or her election."

"I may be outside of the town, but Clay City is my home," Jones said on Monday. "Out here we consider ourselves Clay Citizens."

Jones said he "wrestled" with the idea of running and spoke to several people. "Many of the people I spoke with are in support of my running," he added.

He also noted that Powell County Attorney Robert King and Powell County Clerk Rhonda Allen Barnett did not see why he could not file. But he knows it is something that is probably going to be challenged.

But why run then?

Jones said he has "what it takes to get from point A to point B." His past has prepared him for that.

Jones said he is not one to want his past in the limelight, but he does not shy from it either. His past apparently dealt with a problem many people in many counties face, drugs. Though he never mentioned the word, the implication was there.

Jones was convicted in 2007 of burglary, theft by unlawful taking and attempted arson. He was sentenced to 21 years, but was paroled after three years. He said he has learned a lot.

"I was as close to death as you can get and I found the way to climb out of that and fight back," Jones recalled. "It's nothing I want to have out there, but I understand what some people in our communities are going through."

Jones has since started his own concrete business, where he said he worked hard and "scraped up the money while raising two kids to get my tools for my business."

"My life is an illustration of how things could have been, can be and how to beat it," Jones said. "I believe I can cut through the bureaucratic stuff, and get things done. No meetings, lots of talk, filing of papers, but putting things into action and getting things done."

A write-in candidacy is hard to run. Many people will not take the time to follow those procedures. But Jones thinks that if you like his plan, which he has posted on Facebook, what would it hurt to vote for him.

"I love Clay City, it's my home and I know I can help," he said.

## PCHS Band makes it 9

*State-semifinalists again, get first 'Distinguished' rating*

TIMES STAFF REPORT

Eight may be great, but nine is fine. Especially when you are talking about making it to the state marching band semi-finals.

The Powell County High School Marching Band competed at KMEA State Quarterfinals at Bourbon County High School with 11 Class AA Bands in the East Region. The Band placed 5th with a Distinguished rating, moving on to State Semi Finals/Finals for the ninth year in a row. The top eight in the east and the west will meet in the semifinals.

This was the first time the band has achieved a Distinguished rating at a State Level event in Marching Band.

"We have had some good groups of students over the years but we knew at the start that these kids were different. We pushed them

to be their best and they in turn challenged us to be out best. The staff and I have loved this year," PCHS Band Director Mike Estep said. "We prayed before they played, before they performed and then quoted the famous comedian Steve Martin, 'Be so good they can't ignore you.'"

Estep gives a special thanks to his staff, Mark Gevedon, Katie Moore, Tony Barrett, Lindsey Wade, Allie Chism and Kathlyn Cummings.

The band will be performing at non on Saturday at Danville Independent with 15 other bands. The top four will then move on to ECU to perform that night in the State Finals.

On Monday Nov. 3, at 7 p.m. the band will be having the "Last March" and honor their seniors. The community is invited to attend this event.

## Lady Pirates capture 9th straight district title

By JAMES COOK  
Times Editor

The 56th District Volleyball Tournament has basically become a three team battle to see who wants to play Powell County for the championship. More so it has been to see who will be the runner-up in the district and go with the Lady Pirates to the regional tournament. At least it has been that way for the past eight years.

Oops, make that nine.

Powell rolled to their ninth straight district championship last week in Owlsey County. Now they hope to capture the ever elusive 14th Region crown.

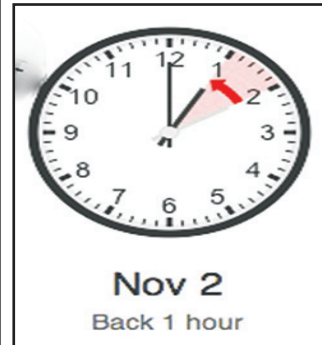

Last Monday Powell opened the tournament as the top seed and played Estill County. In the first set the Lady Pirates opened up a 7-3 lead, but let Estill come back to within one at 9-8. Another brief run by Powell put them

up 14-9 and they added to that lead at 17-10. The Lady Pirates then outscored the Lady Engineers 6-2 to put the game out of reach at 23-12 and took the set 25-17.

The second set saw Powell again took a commanding early lead at 15-6. The Lady Engineers ran off six unanswered points to pull back to within three at 19-16. The

# Sheriff’s Office raises over \$30,000 from forfeiture sales last weekend

TIMES STAFF REPORT

Last Saturday, the Powell County Sheriff’s Office had an auction where items that had been forfeited from drug trafficking cases were sold to raise money to continue the ongoing fight against Drugs in our area. “This money will go into the Sheriff’s Forfeiture Account and will be used for

equipment, vehicles and further drug investigations.” Rogers said, “Drug investigations are costly. Small counties like Powell County do not have the funds to do this kind of work. I am very fortunate to have experienced and dedicated detectives, along with the rest of my staff. Everyone works very hard to make sure the job gets

done.” Sheriff Rogers urges anyone that has any information regarding illegal drug activity in their area to contact the Sheriff’s Office (606)-663-2226, or the Powell County Dispatch (606)-663-4116. All information obtained can remain anonymous and would be greatly appreciated.

There was quite a crowd at the Sheriff’s Auction last Saturday at the Lions Club Park.

## Powell County Lions Club ‘Walk to Remember’

The following individuals walked to the top of Natural Bridge in memory of the passed Lions on Saturday, October 18, 2014: Lion Ceibert Gilbert, Jr., Representing Lion Bill Orme’s family: Stephanie, Bill, and Debbie Bush, Representing Lion Floyd Clay Anderson’s family: Linda Anderson, Lion Hondo Hearne, Lion Phil Lambert, Lion Kevin Babcock, Lion Jimmy Tipton, Lion Bill Cress, Representing Lion Col. William Raybould: Dr. Ted Raybould D.M.D. and son Matthew Raybould (Soldier stationed at Fort Campbell), Lion Donald Spencer,

Representing Lion Dr. Sam Cecil, M.D.: Ann Cecil, and Lion Dr. Charles G. Noss, M.D. We were accompanied by Natural Bridge’s Naturalist Brian Gasdors (not pictured). The walk is done each year in early October to remember the 73 deceased Powell County Lions Club members who have gone on to a greater service. If you would like to donate to the scholarship fund in memory of someone or a deceased member, please make your checks to the Powell County Lions Club Scholarship Fund, in memory and mail to Pow-

ell County Lions Club, P. O. Box 145, Attn: Chris Allen, Stanton, KY 40380. We will be accepting donations until March 31, 2015 for the Scholarships given to two 2015 Powell County High School graduates.

## Grace Fellowship extends heart-felt appreciation to their pastor and wife

The congregation of Grace Fellowship Church of God of Prophecy in Stanton held a dinner last Sunday to show their appreciation to their pastor and his wife, Willard and Linda Estep. Pastor Estep is truly a shepherd led by God to help His people and he is one of the finest preachers, family man and man of God you will ever meet. His wife Linda is also one of the sweetest and most caring people the good Lord has ever placed upon this earth. The congregation is proud of them and loves them!

Vote for  
**Phillip “Denny” Frazier**

I am Phillip “Denny” Frazier. I have been married to the former Vivian Ratliff for 44 years. Vivian and I respectfully ask you to elect me as your next Sheriff of Powell County.

The following is a partial list of programs I plan on implementing if elected your sheriff:

- **24-hour Patrols-** which will include Clay City and Stanton. I will coordinate my schedule with the Clay City and Stanton Police Departments to ensure that everyone receives police protection.
- **Our cruisers will be *marked*,** so you will know who is in your area.
- **Neighborhood Watch Program-** meet with and train people on how to watch out for your neighbors, and what to look for in your community that would assist us in conducting investigations.
- **Citizen Advisory Board-** Citizens from different areas of Powell County that would meet regularly with me to discuss issues in their community. The board could make recommendations on how the Sheriff’s Department can improve our services to Powell County.
- **Chaplin Program-** List of Pastors throughout the county that would be willing to go with my officers to situations where a Pastor could help.
- **Maintain Elderly List-** Maintain a list of elderly people in Powell Co. (especially widows living alone), so that our officers can stop periodically and check on them.

I plan on donating part of my salary back to the county to fund programs to improve the safety and future of our county. Also, in addition to donating part of my salary back, my wife will NOT receive a salary or be a paid employee of the Sheriff’s Dept.

Thank you and God Bless! Phillip “Denny” Frazier

## Powell students accepted into Congressional Youth Ambassador Program

Congressman Andy Barr announced the acceptance of five Powell County students for entry into his Congressional Youth Ambassador Program. The non-partisan program, which is in its inaugural year, enables junior and senior high school students from across the 19 counties that make up the Sixth Congressional District to come together to learn valuable leadership skills from top Commonwealth leaders while serving as an ambassador for their school.

The students will meet four times over the course of the academic school year with each session focusing on one of the following topics: government, education, military and business. The first meeting, which occurred on Oct. 11 at Transylvania University in Lexington, focused on government and military service. Speakers for the session included former Congressman Larry Hopkins, BGD General Les Beavers, Mayor Jim Gray, Representative Jonathan Shell, former Secretary of State Bob Babbage, and U.S. Postal Governor Ellen Williams to

name a few.

“Developing solid leadership skills is a fundamental component of a successful career and life,” said Congressman Andy Barr. “I am excited to launch our Ambassador Program and especially having representation from such bright students from across my district.”

Powell County had the following students accepted into the 2014 Congressional Youth Ambassador Program:

- Brook Billings, Senior at Powell County High School
- Emily Burton, Senior at Powell County High School
- Matthew Melton, Junior at Powell County High School
- Whitney Cook, Senior at Powell County High School
- Nathan Brooks, Junior at Powell County High School

The next session of the Congressional Youth Ambassador Program will be held on Dec. 13.

The Powell students who were able to attend the first Youth Ambassador Program meeting were: (l to r) Emily Burton, Whitney Cook, Congressman Andy Barr, Brook Billings and Matthew Melton. Nate Brooks was not able to attend, but is part of the group.

## WWII veteran honored

US Marine veteran Chester Lacy knew he had do something to honor a WWII hero. So last month he had a hat made in honor of Woodrow Frazier. Frazier fought in WWII and was one of just a handful of “The Greatest generation” left in Powell County. He passed away early last month.

Lacy is a distant relative to the Frazier’s, but he was motivated he said, because he wanted to honor a man who gave when it was needed and served his county with honor.

Frazier’s son, Denny Frazier, accepted the hat with Woodrow “Woody” Frazier’s name embossed on the bill as a token of an honor bestowed upon a fellow veteran and hero.

The new deputies are seen here. On the right is Christopher Chase Friel of Stanton. His parents are Dennis and Jane Friel. Rex Lucas Scott of Clay City is on the left. His parents are Kenny and Hope Scott.

## New deputies set to graduate this weekend

The Powell County Sheriff’s Office will be welcoming two of their own back this weekend. That is after they graduate from the academy. Christopher Chase Friel and Rex Lucas Scott will be hitting the roads soon.

They will be graduating from the Department of Criminal Justice Training on Friday, October 31 after 18 weeks of training.

Sheriff Rogers commented, “I believe that both these young men will be a great asset to not only our department, but to the county, as well. I am excited for them to graduate the academy and Im glad to be able to give them the opportunity to work in the community that they both grew up in.”

## Powell County Judge Executive

Paid for by James D. Anderson, Jr. for Powell County Judge Executive, Chris Nolan, Treasurer.

JAMES COOK  
*Times Editor*

Once again the time to make sure that our elected leaders stay honest, well as honest they can be, is upon us. Next Tuesday 30 percent of us who registered to use our right to vote will go forth and cast ballots and the remaining 70 percent will whine and moan about the outcome.

Sorry if I started out so strong and meddling, as a friend of mine says. But the truth is the truth and sometimes it don't just hurt, it kicks you in the gut!

While over the centuries literally hundreds of thousands of Americans have fought, bled and died to give us the sacred right to vote, unfortunately that right also includes the right to sit at home and complain instead of casting a ballot.

This year local and Congressional races are too important for anyone to just sit back and cry "My vote don't count anyway." With that attitude, your right. Your lack of voting does not count, at least not as far as trying to

*I'm just saying . . .*

make sure we have qualified people in place to run our government.

There are countries where if they had a right to vote they would not miss that opportunity. In fact just look at Iraq and other countries in the Middle East in the past decade where once they had free elections their rates of participation nearly tripled that of Powell County's. Why? Because they wanted to make sure to use their vote to make a difference.

You see we cannot make a difference by complaining. We may make a short term change in policy, but overall once our minds get onto another subject, those in power go right back to doing their thing.

But when you turn out on droves to the ballot box, then their way of thinking begins to change. If all they have to do is keep half of 30 percent of the voters happy, less work or inclination to do their job exists. But if they had to keep over half of say 70, 80 maybe 90 percent of the voters happy – well I believe we would see Social Security, the economy, immigration and other vital issues cleared up quite quickly.

But locally, if you don't speak up then why complain when a tax goes up or a rate

Vote person or vote party but at least VOTE!

increases. After all if you didn't vote, why fuss?

Yes, I guess I am busting chops this week. Basically because I believe we need to see some changes.

You see, I'm not one to follow blindly. I do not vote for someone just because they belong to a certain group or I knew their grandparents or they like the same color I do.

I'm an independent thinker. Long before the countless of junk mailings from political groups taking half-truths and sometimes full-out lies end up in my mailbox, weeks before the TV ads take over my chance to watch programs peacefully, I have already done my homework and I know which way I am leaning. I may wait to see if anything new comes up and yes, I even check out some of the ludicrous claims made by politicians. But when I step into that booth I know who I am voting for and I don't need someone to tell me who or how to vote.

Speaking of that, stepping into the booth. It is a right you have and as long as you exercise it may God bless you. But I could never understand why someone would pull one lever to make such a big decision. In a national race, do what you got to do. But in local races, where you

have grown up either with the candidates or you have watched them grow up, it seems silly.

I mean look at it this way. I may grow up with you, like you and know your "good people." But can't vote for you because your from a different party. Really? So nothing else matters? Wow, there's a kick in the gut for ya'.

Does it hurt to look at each candidate, especially in local races and choose the one you think would best do the job based on actually knowing them or knowing of them, than to choose based on an animal or a color?

Of course, you have the right to vote anyway you choose and I respect that. But I believe I'll keep my independent thoughts and vote for each race's candidates independently.

Lets face it, we talk about how partisanship is holding up progress and then we can't seem to find people who WILL do the job regardless of party.

I guess I may as well come on out and say it. Partisanship is killing our republic. Nothing can get done, success is measured by how many seats you hold and not how well you helped the people you are supposed to represent. Some use their power

to do what they think is best and not what is truly best for everyone – even those who voted against them.

I do believe that being independent makes a lot of sense nowadays. So I guess if things don't change soon that may become the largest party in America, the Independents.

I believe our forefathers when they signed the Declaration of Independence, wanted us to be free thinkers and be free to make decisions ourselves. There was no party affiliation, just a group of men wanting to do what is right.

I'm not saying party's are bad, but when the most important thing is what party your from instead of what can you do for all you represent, then maybe we need to find a generation that sees things differently.

Some of you are probably mad right now, if you have continued reading this far. Let me say I have friends who are Democrats and Republicans. Your party affiliation has no bearing on whether I like you or not. I am a registered Democrat, but that may change soon. I have no ill will and I know many will just shrug this off to Cook having a bad day or trying to sell newspapers. Believe what

you may and remember I still love you and this county anyway.

What I am saying is if we really want to see a change, a real change then let all of those who can and have registered come out and vote, and vote your true conscience, not what someone else told you to vote.

I've already made up my mind on who I'm voting for. From magistrate and constable all the way up to Senator. Will it be a straight ticket, you can bet your house it will not be. Why? Because locally I have watched many of our candidates grow up or I have watched the older ones over the years. I believe I can make a sound decision based on what I have seen and what I know. State and Congressional races, I have met the candidates, if I know them already I compare them to the record and ideas of their opponents, with an open mind.

I did not start out to write this to upset people. Instead I just wanted to have people realize how important it is to vote and do so wisely. Ask questions, look up information and search your heart. Can we make a difference, sure we can. Will we, that is yet to be decided.

I'm just saying . . .

Gov. Beshear announces \$30,000 for Clay City Park

Gov. Steve Beshear announced on Monday that a Land and Water Conservation Fund (LWCF) grant to help fund a recreational project in Powell County. The Department for Local Government (DLG) will administer the \$30,000 grant.

"Parks and recreational facilities are important to enhancing the quality of life in our Kentucky communities," Gov. Beshear said. "This LCWF funding will help improve recreational projects and provide Kentuckians safe spaces to be active, go camping, play sports and live overall healthier lifestyles."

The City of Clay City will move an existing walking track to the perimeter of a city park, which will allow more room for sports and playing fields, and provide the community with a shaded trail by the river in Meadows Park. The trail

will be paved to accommodate wheelchairs, and picnic tables and benches will be purchased.

"This money will go a long way in helping local residents get even more benefit from the Clay City park," said Rep. Richard Henderson, of Mount Sterling. "I want to thank Governor Beshear and his administration for helping to make it possible and look forward to the day when the work is complete. I know local families will enjoy these new additions."

"The investment in the Clay City Park walking trail will provide friends and families the opportunity to enjoy a safe, lighted place to exercise and enjoy the outdoors," said Sen. Albert Robinson, of London. "I know I have benefited greatly from walking and hope members of the Clay City community will enjoy this addition to the park."

What are Kentucky's schools doing about the problem of bullying

By **MELISSA MARTIN**  
*Guest Columnist*

The Kentucky Department of Education reported 15,520 incidents of bullying during the 2012-13 school year. How do schools in Kentucky prevent and intervene with bullying? Do they help or hinder? What is the bullying policy at your child's school?

What is the definition of bullying? "Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time," as reported on [www.stopbullying.gov](http://www.stopbullying.gov).

Is Kentucky protecting your children while they are in school? House Bill

91 - The Golden Rule Act (KRS 158.156 legislation) requires the Kentucky Department of Education to provide guidance to local school districts to assist with the implementation of the law at the local level. It also requires that "model policies" (bullying, code of conduct, and supervision of students) be provided to school districts. Visit [www.education.ky.gov](http://www.education.ky.gov).

Section One of KRS Chapter 158 states: (1) Any employee of a school or a local board of education who knows or has reasonable cause to believe that a school student has been the victim of a violation of any felony offense specified in KRS Chapter 508 committed by another student while on school premises, on school-sponsored transportation, or at a school-sponsored event shall immediately cause an oral or written report to be made to the principal of the school attended by the victim. The principal shall notify the parents, legal guardians, or other persons exercising custodial control or supervision of the student when the student is involved in an incident reportable under this section. The principal shall file with the local school board and the local law enforcement agency or the Department of Kentucky State Police or the county attorney within forty-eight (48) hours of the original report a written report. Visit [www.bullypolice.org/ky\\_law.html](http://www.bullypolice.org/ky_law.html).

**What are Schools Doing?**

An article in the Courier-Journal reported that 11 year-old Morgan Guess was appointed to a 2014 Kentucky Youth Bullying Pre-

vention Task Force by Gov. Beshear to work on bullying prevention in Kentucky schools. Guess is a former victim of school bullying.

The Jessamine County school district is using the Safety Tipline Online Prevention (STOP) email format provided free by the Kentucky Center for School Safety to stop bullying. Students, parents or community members can anonymously report school bullying or unsafe situations.

Students at Tates Creek High School continue to use the H.O.P.E. (Helping Other People Everyday) Club to help bullied students. Members have presented to 200 middle schools.

The Kentucky Center for School Safety is a one-stop shop for bullying resources for students, parents, teachers, administrators and the community. Visit [www.kycss.org/bullying.php](http://www.kycss.org/bullying.php).

Do children bully because adults bully? Children live what they learn and they learn by observing and imitating adults. Is our culture of cruelty so overwhelming that bullied children lose hope? Children live in the moment and they believe what they feel is permanent and what is happening will not change. School becomes an emotional battleground when bullying continues and children are the casualties.

The family is the foundational building block of society and this is where bullying prevention must start. Parents need to teach and talk the no-bullying walk. Caretakers need to turn off

the television and technology and just spend time with talking with kids.

Please seek help from a child therapist if your child is a victim of bullying and shows signs of depression or anxiety. Ask your pediatrician for a referral. Talk with the school counselor, principal, and teachers and keep talking. Contact the superintendent, the school board members, and the Kentucky Department of Education and keep talking. If the bullying does not stop you may want to talk to an attorney.

RE-ELECT DANNY ROGERS

Powell County Sheriff

Hello, my name is Myles Ashley, I am 22 years old and I am a lifelong resident of Powell County. 18 years ago one of the strongest, kind hearted, honest men that I have ever met came into my life. You know him as your Powell County Sheriff, Danny Rogers, but to me he is much more than that.

Though he isn't my real father, he has gone out of his way to make me feel like I belong in his family. He has supported me in everything that I have ever done and is always there for me when I need him. He has done his best to attend every sporting event that my sister and I have been a part of, and never hesitates to ask us how our day was every night. He has taught me that there is more to life than money and nice things; that we should all be thankful for what we have because there are others that are less fortunate than we are. He has taught me to be honest and caring toward other people no matter who they are or where they come from, to not judge them on their appearance but for the person they truly are. I can never repay him for all the things that he has done for me, but I thank God each day for bringing him into my life and being there for me these past 18 years.

I am proud to call him my Sheriff, my friend, my role model, and most importantly, my Dad. Let Danny Rogers be there for you like he has been there for me, and Re-Elect him as your Powell County Sheriff on November 4th. You won't be disappointed.

PAID FOR BY MYLES ASHLEY

Flies in the Attic?

Like a scene from an Alfred Hitchcock movie, this past weekend has caused many of us to run into or out of our homes screaming for HELP. The lady bugs have swarmed again, reminding us that summer is just about over. If the lady bugs were not enough on the outside, once we got inside the flies met many of us at the door.

Homeowners are often bothered by the appearance of sluggish flies in their homes this time of year. These flies are simply looking for a place to spend the winter and pose no real health hazard to you or your family. These flies are commonly called “attic flies” or “cluster flies”, as they usually hang out in attic or upstairs windows. They usually appear in early-late fall. They are larger than the regular house flies we’ve swatted this summer, and appear to be a bit sluggish as they buzz around the house.

Homeowners ask “How do they get in?” Window screens do little to protect you from these creatures as they tend to find cracks and crevices, just like the ladybugs to crawl into. Once inside, they tend to go to the warmest areas of the

Getting ready for the frost and holidays

home, usually in a sunny window on the west side of the house. These flies can lethargically buzz around the windows in your home all winter.

Once they are in, always the next question is: “How do I get rid of them?”

Just like with the ladybugs, these flies are coming inside through open screens, around air conditioners, vents or eaves of the home. Any precaution to properly seal off these areas to make them more bug proof may help with all your nuisances coming in for the winter. Since insecticides create an odor inside our home, relatively few insecticides should be used indoors, but you may be able to spray outside around doors, windows and vents where the flies congregate. Sprays commonly used to control stable flies in and around barns can be used outside the home. These chemicals may be any name-brand products that are labeled for use as a “barrier treatment” around you home. Also other insecticides containing active ingredients like Cyperflutrin, Cypermethrin, or Deltamethrin can be used for residual control of such bugs as spiders, ants and roaches can be used indoors or out with fairly good results.

If you don’t mind spraying indoors, use a synergized pyrethrin spray or aerosol. To use these sprays, close rooms off and mist the aerosol into the air.

Pyrethrins are “quick kill” insecticides, but have little or no residual effect. These sluggish flies can also be eliminated just like the ladybugs with a quick swish of the vacuum cleaner hose.

Flies and ladybugs are just another couple of nuisances that plaque homeowners this time of year. They are here only because they know it is going to get much colder sometime real soon.

**First Frost/freeze of Season causes concern among farmers**

This week marks our first real frost /freeze for 2014. Temperatures dipped down in the 20s earlier in the week and now all plants have been cooked down for the winter. When our hay

fields and pastures have spotty areas of johnsongrass, I usually get a few calls from farmers who are anxious about having animals on these fields.

Prussic acid poisoning can occur any time during the growing season, but we really have to think about it just after the first killing frost. Many of our bottom hay and pasture fields have lots of johnsongrass in them. This weed is well liked by cattle, but can kill them just after a frost. All sorghum type plants contain cyanide type toxins in their cells. When these cells are ruptured by frost, they are converted into prussic acid. Prussic acid poisoning is also found in wilted wild cherry leaves which we worry about in the summer, after a wind or thunderstorm.

All cattle producers should take steps to get rid of all wild cherry trees in their cattle pastures, because of this potential problem.

Prussic acid is one of the most potent toxins in nature. As ruminants consume plants containing cyanide-producing compounds, prussic acid is released in the rumen of the animal absorbed into the bloodstream and carried into body tissues where it interferes with oxygen utilization. If the toxins are absorbed in large quantities all at one time, the animal dies of respiratory paralysis. When lethal amounts are consumed, you usually find a dead animal out in the field. If just a small amount of toxin is consumed the cow may just have labored breathing, then re-couper-

ate after a while. Cattle may stagger and froth at the mouth.

After the first freeze is over, you have to worry about prussic acid for about two weeks. Once all plant material is dry, it is safe to eat. Johnsongrasses that are properly cut and baled, will not contain prussic acid. All these toxins have dried out in the plant. If johnsongrass is in your fields, do not graze any time that frost is expected. After this first killing frost, keep all cattle out of these fields for at least two weeks.

**Getting Ready For the Holidays**

I personally can’t believe that there are only 55 days until Christmas. With that in mind the Powell County Extension Office invites you to this year’s Holiday workshop, next week, Thursday, November 6 beginning at 6 p.m. There will be a \$5 registration fee to cover meal expenses.

I will be presenting information and displaying home made arrangements wreaths and centerpieces using live greenery and plant material found around the home and farm. There will be door prizes awarded and free sampling of recipes prepared by Pam Dooley, Powell County FCS agent. This program will begin at 6 p.m. and will be held at the Powell County Extension Office at 169 Maple Street. Everyone interested in preparing and planning for the holidays are invited to attend.

A county truck transporting inmates for work release and other clean-up duties was involved in a two vehicle accident last Friday. According to police the vehicle on the right struck the county truck near the driver’s side back tire. The truck was heading east on East College Avenue when the driver of the car stated he dropped something and in an attempt to retrieve it must have crossed the centerline. One inmate was checked for possible injuries at a local hospital and released.

## Encouraging word: First impressions can be misleading

Howard Coop  
Guest Columnist

Things are not always what they seem. Therefore, first impressions can be misleading.

Malcolm Forbes, publisher of FORBES magazine, reported a significant story. According Mr. Forbes, a man, “dressed in a homespun threadbare suit,” and his wife, dressed “in a faded gingham dress,” entered, somewhat timidly and without appointment, the outer office of the President of Harvard

University. The secretary knew “in a moment that such backwoods, country hicks has no business at Harvard.”

In a soft voice, the man said, “We’d like to see the president.” The secretary snapped, “He’ll be busy all

day.” Then, the lady said, “We’ll wait.” And for hours they waited while the secretary ignored them, hoping that they would go away.

Finally, the secretary decided to go to the president. “Maybe if you see them for a few minutes, they’ll leave.” With dignity and a stern face, he “strutted toward the couple.”

When he approached, the lady said, “We had a son who attended Harvard for one year. He loved Harvard. He was happy here. But about a year ago, he was accidentally killed. My husband and I would like to erect a memorial to him, somewhere on campus.”

The president replied, “Madam, we can’t put up a statue for every person who attended Harvard and died. If we did, this place would look like a cemetery.”

The lady explained, “Oh, no. We don’t want to erect a statue. We thought we would like to give a

building to Harvard.”

Not impressed, the president glanced at them and said, “A building! Do you have any earthly idea how much a building costs?” We have over seven and a half million dollars in physical building here at Harvard.”

Looking at her husband, the lady said, “Is that all it costs to start a university? Why don’t we just start our own?”

With that, Leland Stanford, wealthy industrialist, ex-governor and senator, and his wife Jane went home to Palo Alto, California and established Leland Stanford Junior University, now known as Stanford University.

One can’t judge character by outward appearances. Take a second, and more observing, look.

ADAM H. EDELEN  
AUDITOR OF PUBLIC ACCOUNTS

The Honorable James Anderson, Powell County Judge/Executive  
The Honorable Rhonda Barnett, Powell County Clerk  
Members of the Powell County Fiscal Court

Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the County Clerk of Powell County, Kentucky, for the year ended December 31, 2013, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the County Clerk on the basis of the accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County Clerk, as of December 31, 2013, or changes in financial position or cash flows thereof for the year then ended.

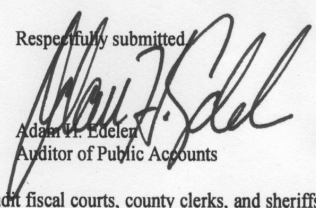

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the County Clerk for the year ended December 31, 2013, in accordance with the basis of accounting practices prescribed or permitted by the Commonwealth of Kentucky as described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 02, 2014 on our consideration of the Powell County Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Powell County Clerk's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control over financial reporting and compliance.

Based on the results of our audit, we have presented the accompanying comment and recommendation, included herein, which discusses the following report comment:  
2013-01 The Clerk Had \$29 In Disallowed Expenditures

Respectfully submitted,  
  
Adam H. Edelen  
Auditor of Public Accounts

July 02, 2014  
State law requires the Auditor of Public Accounts to annually audit fiscal courts, county clerks, and sheriffs; and print the results in a newspaper having general circulation in the county. The complete audit and any other audit of state agencies, fiscal courts, county clerks, sheriffs, and property valuation administrators may be viewed in the reports section of the Auditor of Public Accounts' website at [www.auditor.ky.gov](http://www.auditor.ky.gov) or upon request by calling 1-800-247-9126.

# CHAMPS

Continued from A1

Lady Pirates stayed even with each team scoring three points. But Powell closed the set with three straight scores to win, 25-18.

Estill had first serve in the third set and jumped ahead 5-0 and kept a three and four point lead until the halfway mark when Powell caught up at 14-14. That came thanks to scoring five straight times with Tori Monnett serving. After Estill got three straight points to go ahead 17-14, Haleigh Ritchie served and Powell scored 10 straight points to go ahead 24-18. The Lady Pirates took the win on an missed Estill serve, 25-18.

Last Wednesday the championship match was set as Powell took on the host Qwsley County Lady Owls. Owsley took a slim early lead at 3-2, but Powell went ahead early at 16-5 as they scored 14 straight

points with Haleigh Ritchie serving. A later four point run with Timara Crabtree serving put the Lady Pirates up 23-11 and the winning two points came at the start of the second rotation, 25-12.

Again the Lady Owls took the early lead in the second set at 3-1, 6-4, and 7-6 only to see it evaporate as Powell scored four straight points with Brooklyn Thacker serving. The Lady Pirates took the lead for good at 10-8. Neither team was able to outdistance the other over the next several points, but Powell did manage to get a three point run again with Thacker serving to go ahead 24-17. Powell then took the win, 25-17.

The third set was all Powell County. The Lady Pirates Emily Watson put in four straight scoring serves to put Powell ahead 4-1. That was followed by another four point run with Tori Monnett serving to go ahead 8-2. Alicia Pelfrey added five more points on

her turn and the Lady Pirates were up 16-9. The Lady Pirates closed out the set and match with two different three point runs to capture the title. Powell won the final set, 25-

"I'm very proud of this team. They know the tradition of Powell County volleyball, they felt the pressure of being expected to win, and came through with an undefeated regular season in the district and win the tournament," Powell Coach Ken Jones said. "Now if we can just keep the momentum going, we might surprise some people in the 14th Regional Tournament."

The win was not only Powell's ninth straight championship, but it was they have won 11 of the last 13 titles. They were scheduled to play Leslie County this past Monday in the opening round of the 14th Region Tournament being held at Knott County Center.

A smile, a kind word or even just asking how someone is doing can mean all the difference in the world to them. Be kind to each other and see how different the world could be.

To the Powell County Residents:

Ten months ago I filed my papers to run for the office of State Representative.

The decision was made by two people. Me and my wife. I desired to go to Frankfort to be a voice for the people

Most of the politicians in both parties have forgotten that. The reason many people don't vote today is because no one listens to them I give you my word, if you will allow me to be your representative, you will be heard.

I have only one agenda. Do the best job I possibly can, seek God's guidance and vote for what is right.

I humbly ask for your vote on Nov. 4.

# Pirates lose battle for playoff spot, fall to Western Hills

By **GREG MCINTOSH**  
*Times Sportswriter*

The Powell County Football Pirates have made the state playoffs for the past six seasons. This year the Pirates were just one win away from qualifying one again. This past Friday, Powell faced off against the Western Hills Wolverines for that playoff position. The winner would be in and the loser would be eliminated from playoff contention. The Pirates had a nice crowd at home to cheer them to victory and they did not have to wait very long to get excited. The Pirates got the ball first and used their belly offense to drive down the field for a touchdown. Chance Snowden ran the ball in for a 4 yard score and Jake Whitt kicked the extra point to give the Pirates a 7 - 0 lead. Western Hills had to punt on their first possession but the Pirates fumbled the ball away. The Wolverines capitalized with a touchdown to tie the score at 7 - 7 as the first quarter ended.

The second quarter saw the defenses dominate as both teams struggled to move the ball. Western Hills did get the ball near the Pirates goal late in the first half. The Wolverines fumbled and Zach Skidmore pounced on the ball for the Pirates at the 2 yard line. The first half ended with the score still tied at 7 - 7.

Western Hills started with the ball in the third quarter. The Wolverines

marched the ball into Pirate territory to the 20 yard line. The Powell defense held as Western Hills made a field goal to take the lead 10 - 7. Powell got the ball and like in the first half the Pirates ran the belly for a touchdown. Whitt ran in on a quarterback sneak from one yard out to put Powell ahead 14 - 10. Western Hills added another field goal to bring the score to 14 - 13. Powell then fumbled the ball back to the Wolverines at the end of the third quarter.

Western Hills scored a quick touchdown as the see-saw fourth quarter began. Western Hills now lead 19 - 14 with 11:54 to go in the game. Powell had to punt and pinned the Wolverines deep in their end. After a shot punt by Western Hills, the Pirates were ready to strike. Whitt hit a wide open Cameron Conrad for a 32 yard touchdown pass and Hunter Wolf caught a 2 point pass from Whitt. Powell led 22 - 19 with just 4:19 remaining in the game. Western Hills ran the ball into the Powell end and were ready to retake the lead. On first and goal from the 4 yard line, Powell held on two plays but the Wolverines score on the third. With 55 seconds to play the Wolverines led 26 - 22.

The Pirates got the ball and Snowden passed Powell into Wolverine territory with a hurry up offense. After a Powell penalty, the Pirates had third and long. Snowden went back into

shotgun formation. The snap was over his head but Snowden retrieved the ball and launched it down field. Powell had a receiver open at the 5 yard line, the Wolverine defender appeared to push the Pirate player and tip the ball. Western Hills picked the ball out of the air for an interception. Much to the dismay to the Pirate bench pass interference was not called and Western Hills ran the clock out for the win, 26 - 22.

Powell now stands at 2 - 7 overall and 1 - 4 in district play. The Pirates have one game remaining in their season. Powell hosts Morgan County on Friday night. Powell will have their senior night festivities as they entertain the Cougars. Game time is set for 7:30 p.m. at the Powell County High School.

# RE-ELECT Dale Allen Stanton Mayor

After 8 years as your mayor, I am once again asking for your vote for re-election. I think continuity in this office has been a major factor in our accomplishments as a city.

I took office in January 2007. The City of Stanton was seven years behind on financial audits. We have completed fifteen audits in the eight years I have been mayor. By December 2014, all audits should be current.

The City was spending \$2,500 per month on police vehicle maintenance. During the last eight years, we have lease-purchased seven new vehicles. The lease-purchase cost is less than the maintenance on the previous vehicles.

We rebid the City's liability insurance and are saving approximately \$70,000 per year. We also rebid the City's employee health insurance, saving approximately \$30,000 per year.

We recovered \$267,000 in Road Aid from the State to maintain and update city streets.

We survived the Main Street road-widening project, adding new streetlights and sidewalks.

We built three new bridges (Stanton Road, Halls Road, and Railroad Street). Ninety percent of the cost of building the three new bridges was paid for by State Emergency Road funds. We also updated the sewer line from Maple Street to Railroad Street.

We updated sidewalks from the Stanton Cemetery to the north City limits on Main Street, on Court Street from Main Street to the Courthouse and on Washington Street from College Avenue to the Courthouse. The Railroad Street sidewalk project is in progress and is being funded by a \$250,000 grant from the State.

I helped establish the Red River Wastewater Authority and we built a new wastewater treatment plant...a \$13 million dollar project, which is now complete.

## IMPROVEMENTS TO THE STANTON CITY PARK

- ✓ Two new shelters
- ✓ Two new playgrounds
- ✓ Skateboard Park
- ✓ Complete new electrical service
- ✓ Covered bleacher stands at the Little League field
- ✓ New Lighting at the Little League field
- ✓ New parking area at the Little League field
- ✓ Completely re-surfaced the basketball courts and installed new goals and backboards
- ✓ Purchased additional four acres adjoining the Park (under construction - new Little League field and new Soccer field)
- ✓ Added T-Ball and Little League practice fields
- ✓ New sidewalks from the parking lot to the fields
- ✓ New bleachers at the big baseball field
- ✓ Widened the entrance to the Park
- ✓ New roof on Senior Citizen Center
- ✓ New roof on Gazebo
- ✓ New Splash Park
- ✓ Remodeled bathrooms for Splash Park
- ✓ Blacktopped the walking trail around the Park
- ✓ Added Lights around the walking trail

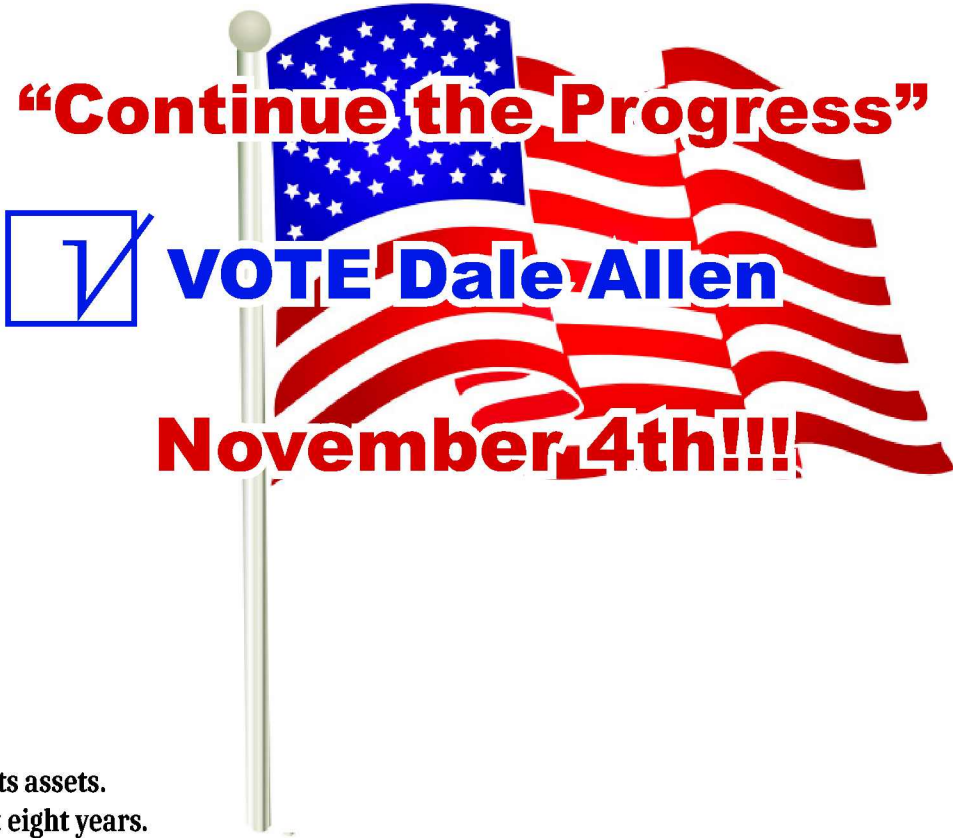

I have also reduced the city's debt and liabilities while increasing its assets.

I appreciate the confidence you have had in me throughout the last eight years.

I hope I have your vote as Mayor of Stanton on November 4<sup>th</sup> so we can continue the progress together. Once again, THANK YOU!

## FUTURE PROJECTS

- Road widening project from the Stanton Cemetery to City Limits
- New Police Station and City Hall
- Expanding sewer services

# Re-Elect Danny Rogers Powell County Sheriff

22 years ago I made a commitment to this county when I first put on a law enforcement uniform, to be an honest and caring officer, to protect and serve the place that I grew up. Today, though my title is now Sheriff instead of Deputy, I stand before you the same committed person as I was all that time ago.

It has been a great honor to serve as your Powell County Sheriff for the past 8 years. I would like to say that I am no politician; I am simply a dedicated, hard working, law enforcement officer. Growing up and working here in Powell County throughout my 46 years, I have come to know many of you as well as your families. A long time ago I was taught to ALWAYS treat people with respect and in the way that I wanted to be treated, no matter who they were or where they came from. I have tried my best to live by these values, not only teaching them to my children, but to my employees as well, since my very first day in office. With a big demand placed on such a small Sheriff's office, my goal for the past 8 years has been to create a safer place for all of us to live, giving our children and grandchildren the opportunity to grow up somewhere that they are proud to call their home. During my terms as Sheriff I have always felt that it is important to have an "open door" policy, meeting with anyone that has come into my office with problems, questions, or concerns about my department and/or its employees. I believe that each person has the right to voice their opinion so that I, my staff, and my department can better serve the people of Powell County. **I am a Sheriff for ALL the people**, day or night. The constitutional duties of the Sheriff's office are to collect taxes, provide court security, and serve papers. My staff and I have gone above and beyond these constitutional duties for the last 8 years to better serve our community. I feel as though we have made progress during my time in office and I ask that you please allow me to continue to make progress in the years to come because **I NEED MY JOB** and I would greatly appreciate your vote and support in the upcoming election on November 4th. If re-elected, I will continue to work hard for the place I grew up, the place I love, Powell County.

- 22 Years law enforcement officer **IN POWELL COUNTY**
- Has served the last 8 years as the Powell County Sheriff
- Graduate of the Department of Criminal Justice Training
- Over 2,000 hours of law enforcement training
- I have over 200 years of combined law enforcement experience employed within my department.
- I have trained 6 deputies over the last 8 years, sending them to the police academy at Department of Criminal Justice Training.
- Currently have 2 full time officers within the police academy at the Department of Criminal Justice Training, graduating on October 31st, 2014.
- My department performs over 700 vehicle unlocks per year.
- I have a chaplain employed within my department.
- I have purchased new patrol cars and uniforms, as well as received grants for tasers and mobile data terminals while in office.
- I have updated the property tax system to be both more effective and efficient than it has been in years past.
- Collect approximately \$2.2 million in property taxes each year.
- Have made numerous drug arrests over the last 8 years.
- Over \$100,000 forfeited in drug trafficking cases.
- My department has taken thousands of prescription pain pills out of our community, along with heroin, several pounds of marijuana, and numerous meth labs.
- I have 3 certified court security officers that take care of court related duties.
- There are a total of 6 Department of Criminal Justice Training certified officers working for this department.

Over the past few months I have tried to campaign as much as I possibly could throughout the county. I have enjoyed meeting and catching up with everyone that I have spoken with. If I didn't get the chance to speak with you, I apologize and still ask you to please support me with your vote for Powell County Sheriff.

Thank you,  
Danny Rogers  
Powell County Sheriff

# Working Hard to Get It Right

Hello, I'm Judge Larry Miller.

When I was first elected as a judge I promised the people of Breathitt, Powell and Wolfe counties that I would be dedicated to the job, and in the process I would be fair and impartial. I've worked hard to keep that promise!

We live in a world of instant gratification, with everything from fast food, to instant messaging, texting, e-mail and social media. Fortunately, the legal system isn't instant. The wheels of justice turn slowly so that both sides of every case can be heard and considered. Although the Family Court case docket is usually booked two to three months in advance, parties are given the next available hearing date upon request. If either party has a pending criminal case, the Family Court civil case can't be heard until the criminal case is resolved. If a scheduled hearing date is continued, it is not because the judge wasn't ready to hear it, it is because a party or their attorney requested it, or had not done what was previously ordered so the case could be heard.

The Administrative Office of the Courts considers a trial court's decision made within 90 days to be timely. Although there's been a few Family Court cases that's taken longer than 90 days to decide, the majority of cases are decided in less than 30 days. I hear motions and cases in the courtrooms in three counties, five days a week. I read every case before each hearing, and after the hearing I research the law before making decisions in each case. I understand the importance of my decisions and their effect on children and families. I don't have a truth meter or a magic wand. Being human, I do make mistakes, however, I assure you my mistakes are not intentional.

There's two sides to every case and both parties are entitled to a fair and impartial hearing. Judges are ethically prohibited from discussing a case outside the courtroom. A Judge can only consider what's in the record, which is courtroom testimony and exhibits, and not what someone tries to tell them on the street or at the gas station. The best way to help a friend or relative is to attend their hearing and testify to what you know in the courtroom when both parties are present, and each party has the opportunity to question, clarify or rebut what is said. That's what makes a fair and impartial hearing.

I work as hard as I can to move cases through the system. My greatest concern is doing what's right, doing what's fair for both parties, doing what's in the best interest of every child, and trying to make sure justice prevails. I've closed 7,847 cases as your Family Court Judge since 2008, with very few of those being overturned by a higher court. I make it a priority to do it right the first time.

I ask for your vote and continued support this Tuesday, November 4th.

Thank You!

PCHS Student of the Week

Krista Estep is this week's PTO Student of the Week at Powell County High School. She is the daughter of Michael and Dana Estep of Stanton.

Krista, a senior, is a member of the Pirate Marching Band and Pep Band, a member of the varsity basketball team, president of Upper Room, co-leader for FCA, reporter for FBLa, and a member of the Key Club, Pep Club, Student Lead, and Student Ambassadors.

Krista Estep

The best part about going to PCHS for Krista is "getting to know the underclassmen and tutoring them while giving them wisdom about life, as well as academics."

Her favorite teachers are Eddie Coleman and Michael Estep because she says they like to have fun and they get to know you while you learn. Krista was nominated for PTO Student of the Week by Michael Estep.

When asked what makes her unique, she replied, "I've performed at Carnegie Hall twice as first chair French hornist."

Krista's future plans include attending Oral Roberts University in Oklahoma or the University of Louisville. She plans to study Music Therapy.

Student of the Week is a program sponsored by the PTO and recognizes students who are role models in the areas of study, effort, cooperation, and attitude. Other students nominated this week include Brook Billings, Whitney Brookshire, Jonathan Hall, Amanda Pelfrey, Jonathan Reynolds, and Meredith Waugh.

PCHS Staff Spotlight: Mary Beth Mink

The PCHS Staff Spotlight of the Week is Ms. Mary Beth Mink. Ms. Mink graduated from ECU with a BA in English and an MAT in teaching. She has been teaching at PCHS for eight years and she currently teaches English 1 and English 2.

Ms. Mink is also a co-sponsor of the Creative Writing Club and a co-sponsor of Upper Room. In her spare time, she enjoys reading and spending time with her family. The things that Ms. Mink enjoys most about teaching

at PCHS are the faculty, the staff, and the students. She says that PCHS has some amazing students.

# Meet the PCMS Students of the Week

The Powell County Middle School has announced their first set of Students of the Week to be published in the Clay City Times. The students are chosen based on teachers recommendations and the hard work the students accomplish in school. This week the honorees are: ( l to r) Bree Bush from the sixth grade; Lexie Meade from the seventh grade; and Katie Duff from the eighth grade. The Times want to congratulate these three for being named as the PCMS Students of the Week.

## Gov. Beshear honors state’s retired teachers

Flanked by more than a dozen legislators and retired teachers, Gov. Steve Beshear last week ceremonially signed a bill to honor retired teachers in Kentucky.

House Joint Resolution 19, sponsored by Rep. Rick Nelson, of Middlesboro, declares the state’s support for its tens of thousands of retired teachers, and names the third week of October as “Kentucky Retired Teachers’ Appreciation Week” in Kentucky.

“I’m married to a former teacher, so I understand that once you’re a teacher, you’re always a teacher, even if you’ve retired,” said Gov. Beshear. “We are fortunate that our retired teachers continue to support our communities through volunteer work and mentoring new educators. We thank these teachers for their years of work in our classrooms and in our communities.”

“I appreciate our retired teachers for making our communities a better place, and even though they’re retired, they still do just that on a regular basis,” said Rep. Nelson. “This resolution honors them for their years they have devoted to educating Kentuckians all over this great Commonwealth.”

The Kentucky Retired Teachers Association (KRTA) estimates that there are about 43,000 retired teachers in Kentucky. If each teacher worked in a school 27 years, that’s more than a million classroom years’ experience.

Retired teachers provided more than 964,000 volunteer hours in their communities last year, including collecting 28,000 items for local food banks and 5,600 bags of school supplies.

The best investment we can make today is to teach, nurture and encourage our youth to reach for the stars, and keep their feet solidly planted in education, knowledge and service to others. That is what we try to do each week in the Clay City Times. The next generation will pass along what they learn today. Let’s pull together to help and encourage our young people today!

### VOTERS IN DISTRICT 4, YOU HAVE A CHOICE....

As a fourth generation Powell Countian I am proud to call this community my home. It is that pride that gives me the determination to work hard for our county. I know the challenges magistrates face in trying to help this community.

I was **YOUR** magistrate for 17 years and **WE** did a lot to help this district and this county.

*Now I feel a calling to help once again.*

I believe I have ideas and experience that can help this district and our county. It has always been and will always be an **HONOR** to serve you as a man who tries to do what is best for the situation at hand and still be able to express my ideas and opinions on how to do just that.

The way I see it, if we all pull together for the good of the county, we **ALL** win!

Your Vote Means A Lot To Me...and I would consider it an honor to serve you again!

# It’s here . . . Next Tuesday is Election Day - finally

By **JAMES COOK**  
*Times Editor*

Just in case you have been asleep for the past few months, there is an election next Tuesday.

The stage has been set and the beginning of the second greatest show on earth is about to begin – the political season.

This past Tuesday was the last day to file for such local races as Powell County School Board, Mayor of Clay City or Stanton and the city councils for both cities. It was also the last day for Independents and write-in candidates to file to run for the other offices.

The fiscal court will look very different next year as only one incumbent with a chance of returning. Donna Gabbard will be the lone current magistrate still on the ballot for the position, but she will be challenged by John Patrick Bowen. Two school board races are on the ballot this year with a former member, Men-

del Tipton and former city council person Jenell Brewer running against current one term member Martin Burton in District 3.

The Clay City Council, for the first time in a long time has more than six candidates. In fact they have 10 running for the six seats and all but one incumbent has filed to run. Jackie Everman did not file to run this time. Mayor James Caudill will be challenged by former councilman Ray Proffitt.

The Stanton Council has eight people running for six seats. All of the incumbents except Charlotte Estes filed to run again. Estes and former mayor Myers Arnett will run against the incumbent mayor Dale Allen in the county seat.

Mike Lockard will run unopposed for Magistrate in District 3 and Constable Gerald Bishop will run unopposed in District 5. Ricky Allen will be the Constable in District 3 and J.L. Bowen will assume his duties in District 4.

At the state level in a race the nation is watching closely, U.S. Senator Republican Mitch McConnell is being challenged by Kentucky’s Secretary of State Alison Lundergen Grimes, a Democrat. McConnell is the Senate’s Minority Leader and Grimes is in her first term as Secretary of State.

At the state level and locally, the 74th State House District Representative Richard Henderson (D) is being challenged by a pastor from the newly added Menifee County. David Hale (R) is the pastor of the Korea Church of God in Wellington. Menifee County was added to the district and Wolfe County was removed. The district also includes Montgomery County.

Here is a list of candidates for Powell County and the offices they are running for. The (\*) indicates an incumbent, they are listed in alphabetical order and in partisan races parties will also

be noted. The school board, mayoral and city council races are non-partisan

# Foothills Energy Assistance Program begins Nov. 3

Kentucky River Foothills will begin the “Subsidy” portion of the Low-Income Home Energy Assistance Program (LIHEAP) on Monday, November 3. LIHEAP provides financial assistance to income-eligible households with home heating costs through two programs: LIHEAP Subsidy (typically in November and December) and LIHEAP Crisis (typically January until the middle of March or until all funds are expended).

Applications will be taken Monday through Friday from 8 am-4 pm at the Powell County Outreach Office located at 176 12th Street, Clay City, 663-2659.

Both homeowners and renters who are responsible for their heating bills and have low or fixed incomes are eligible.

Qualifying participants will receive an energy assistance benefit. Energy services include electric, gas, kerosene, propane or wood. Eligible participants do not need to have an unpaid energy bill or be out of fuel to receive energy assistance in the subsidy portion of this program. The benefit amount that each household receives will be based on its level of poverty and the type of fuel used for heating. All eligible households will receive a benefit until LIHEAP funds are fully depleted. Benefits will be made payable to the household’s primary vendor.

A household is considered to be eligible for energy assistance when the household meets the basic eligibility criteria.

This criteria includes: (1) completion of an application; (2) is responsible for home energy costs, directly or as an undesignated portion of their rent; (3) have a combined household income, for the calendar month prior to the month of application, not in excess of 130% of the federal poverty level as listed in the Income Eligibility Guidelines; (4) live in Kentucky when the application is made and apply in the county of residence; and (5) not have liquid resources in excess of \$2,000, or \$3,000 if at least one person in the household is 60 or older; and/or disabled except for households where a member has a catastrophic illness. The amount may be \$4,000 when the resources are be-

ing accessed for medical and living expenses.

Applicants must bring the following information: most recent heating bill, or verification that heating expenses are included in rent;

metered utility bill (natural gas, electric, or water) as proof of address; Social Security cards, or Permanent Residence card (Green Card) for each member of household; proof of all

household income from preceding month.

Applications will be taken through December 11, 2014. If you cannot apply on your assigned day, contact the office in your county to make other arrangements. Individuals who are unable to apply for themselves may send an authorized individual to apply for them. If this is the case, please contact the Foothills office in advance. If you are sick or have the flu, please call the Outreach Office first to make other arrangements.

LIHEAP has established income guidelines to determine eligibility. For the 2014-2015 program year, the income guidelines are:

Household Size	Gross Monthly Income
1	\$1,265
2	\$1,705
3	\$2,144
4	\$2,584
5	\$3,024
6	\$3,464
7	\$3,904
8	\$4,344

\*Add \$440 for each additional family member

When the crisis component begins in January, a

household shall be considered to be in a home heating crisis situation when the household meets the basic LIHEAP eligibility criteria and (1) the household is within four days of running out of fuel if bulk fuel (coal, fuel oil, propane, kerosene, or wood) is the heat source; (2) the household has received a past due/disconnect notice if natural gas or electric is the heat source; or (3) the household’s home heating costs are included as an undesignated portion of the rent, and the household has received an eviction notice for non-payment of rent from the landlord.

LIHEAP is a statewide initiative sponsored by Community Action Kentucky in partnership with the Cabinet for Health and Family Services (CHFS). The U.S. Department for Health and Human Services appropriates funding to Kentucky through the CHFS, which contracts with Community Action Agencies across the state to receive LIHEAP applications and provide recipient benefits.

# Kentucky’s ‘ColorFall 2014’ helps public to track leaf changes

Fall has arrived, and with it the 2014 edition of the ColorFall program touting peak foliage viewing areas and exciting autumn events around Kentucky. ColorFall is designed to aid public enjoyment and media coverage of autumn in the Bluegrass State.

Coordinated by the Kentucky Department of Travel and Tourism and the Kentucky Department of Parks, ColorFall is now in its 29th year. ColorFall features a website ([www.kentucky-tourism.com/seasons](http://www.kentucky-tourism.com/seasons)) that provides a variety of information about the state’s

beauty at this time of year, including reports on stages of leaf changes from naturalists at parks throughout the Commonwealth.

Besides tips on timing trips to parks, forests and arboretums for peak color, ColorFall website visitors will also find listings of spe-

cial fall events and an Instagram hashtag for uploading digital photos of your own fall travels. The program, including the website, runs Oct.1-Nov. 9.

Dean Henson, the park manager at Big Bone Lick State Historic Site and a former naturalist, says that

many variables contribute to the degree of foliage color or in any given fall season.

“The greater the frequency of crisp, sunny days with no evening frost, the more brilliant our colors,” notes Henson, a popular contributor to ColorFall with his blog posts on foliage stages.

“For those seasons when the fickle mix of environmental factors is just right, waiting eyes are rewarded with a beaming display of color.”

# Kentucky’s Senate Race: How the candidates view Obamacare

By **CHEYENE MILLER**  
*Special to the Times*

The U.S. Senate race between Republican Sen. Mitch McConnell and Democrat Alison Lundergan Grimes has seen the candidates focus on several key issues, including the coal industry, the minimum wage and health care.

The health-care issue has been almost unique among Senate races in that Kentucky is generally seen as a success story for the Patient Protection and Affordable Care Act. In August, Gov. Steve Beshear said 521,000 of Kentucky’s 4.3 million citizens had signed up for health coverage through Kynect, the state’s health insurance marketplace created under the law.

According to a Gallup-Healthways poll, published in August, Kentucky reduced its percentage of uninsured more than any other state besides Arkansas, and lowered the percentage of uninsured in the state from 20.4 percent to 11.9 percent, thus covering two of every five uninsured Kentuckians.

In addition to funding the expansion of Medicaid, the law requires Americans to either purchase private health insurance or enroll in some form of government assisted

health care like Medicaid; requires insurance companies to cover people with pre-existing conditions and provide 10 elements of coverage in each policy; allows parents to keep their children on their health insurance until they are 26; and requires businesses employing 50 or more full time employees to provide health insurance, a provision that President Obama has suspended for a year.

McConnell says he wants to repeal the law “root and branch,” but has been more lenient toward the idea of keeping Kynect. In the Senate race debate on KET, McConnell suggested that Kynect was merely a website. However, repealing the law could pose issues for the newly insured in Kentucky because private insurance under Kynect uses federal tax credits, and provides free Medicaid coverage to citizens who earn up to 138 percent of the federal poverty level.

According to Douglas McSwain, a Lexington-based litigation attorney who specializes in constitutional and health-care law, the uprooting of the law would result in drastic changes to Kynect.

McSwain said repealing the ACA “root and branch” would mean cutting the federal tax subsidies that are essential to Kynect’s survival.

“You take the exchange tax

credit away, do you think for a minute that the website is going to stand?” McSwain asked. “Nobody is going to buy policies.”

At a Kentucky Farm Bureau forum in August McConnell said Congress should have passed laws allowing health insurance to be sold across state lines, limiting malpractice lawsuits and making it easier for businesses to form health-insurance groups.

McSwain said the law allows formation of such groups, and interstate regulation “is conceivable” but “The problem is we don’t have the infrastructure, regulatory-wise, to do that without having reached a compact or an agreement” among the

states.

A study on the effects of malpractice reform, published by the New England Journal of Medicine, found that Texas, Georgia and South Carolina did not see a significant reduction in the amount of doctor-ordered tests and scans after enacting reforms. A five-person team of doctors performed the study, collecting data from 1997 through 2011.

Grimes has only publicly discussed health reform on select occasions, taking a similar strategy to many Democrats in the 2014 mid-term election because of the unpopularity of “Obamacare” and its namesake. When she does mention health care,

she talks about fixing and streamlining the law, as she did during the KET debate.

“I will not be a senator that rips that insurance from their hand,” Grimes said in reference to the half a million Kentuckians who’ve gained coverage under Kynect. She said McConnell was in a “fictional fantasyland.”

Grimes has also talked about supporting an extension of Obama’s “grandfathering” of insurance policies that don’t comply with the law after he was criticized for not keeping his campaign promise that Americans could keep their doctor and health plan if they liked them.

That controversy and other

aspects of the law have led to negative feelings among Kentuckians about Obamacare. A poll by Marist College for NBC News showed Obamacare had a 33 percent approval and 57 percent disapproval rating among Kentuckians, while Kynect had 29 percent approval and a 22 percent disapproval., while 29 percent of those polled said that they had never heard of Kynect and 21 percent were unsure of how to rate it.

At last report, about 80,000 Kentuckians had bought private insurance through Kynect and about 440,000 had used it to get on Medicaid – 320,000 of whom were eligible under the new rules and 120,000 under the what state officials call “old Medicaid.” The federal government pays about 71 percent of “old Medicaid” costs and, until the end of 2016, 100 percent of the newly eligibles’ coverage. In 2017, it will pay 95 percent of the new costs, and fall to the reform law’s floor of 90 percent in 2020.

### Elect **Kenneth “Goat” Rice** **Magistrate District 2** **Precincts 5 & 9**

I want to take this opportunity to ask the voters of Precincts 5 and 9 to elect me as your Magistrate on November 4th.

I served as your Magistrate for District 2 from 2003 - 2006. During that term, through working as a team, the Fiscal Court accomplished improvements to our bridges, roads, ambulance service, Jail, RCC building, to name a few.

I have been a Deputy Jailer (2007-2014) working with the Inmate Work Release Program. I supervise inmates mowing, cleaning and maintenance work for Clay City Park and Recreations Department.

If given the opportunity to serve as your Magistrate again, I will do so with dedication and honesty. I will be available to work with you on all your concerns and needs.

## Stay Warm All Winter With A Natural Gas Furnace

Natural gas heat brings your family together in total comfort. When the outside temperature falls, electric heat pumps struggle while natural gas furnaces bring a steady flow of warm air. Over half the homes in the nation are heated with natural gas, and natural gas is gaining in popularity every year.

There are several good reasons for this, starting with dependability. The natural gas pipeline system ensures the safe and reliable delivery of energy to your home. It’s comforting, in more ways than one, to know you and your loved ones can depend on natural gas.

Natural gas makes a house feel like a home with warm, comfortable heat no matter how cold it is outside. When it comes to value, natural gas is clearly the choice. Natural gas is also the cleanest fossil fuel. With the need to reduce the amount of pollutants being emitted into the air and water, natural gas is better for the environment than other sources of energy.

You’re probably doing your part. Bundling newspapers, saving gasoline, recycling glass and more. You are concerned about costs and saving our earth’s valuable resources. Using natural gas helps to conserve our natural resources for future generations. It’s interesting to note that most of the new electric generation projects being planned in the the U.S. will be powered by natural gas. It’s an available and abundant fuel that takes a vital place in our society today... and in the future.

So the next time you want to heat things up choose natural gas. For this and generations to come.

# Kentucky’s Senate Race: Immigration is hot button topic for both sides

BY BEN TOMPKINS  
*UK School of  
Journalism*

If you’ve been in front of a television in Kentucky anytime in the past few weeks, you may have seen advertisements throwing around a word that evokes strong emotion from both sides of the political spectrum: amnesty.

In the U.S. Senate race between Republican Sen. Mitch McConnell and Democrat Alison Lundergan Grimes, amnesty as it relates to immigration has been a main topic of debate. McConnell voted against the comprehensive immigration reform bill that passed the Senate and says he’d rather see the issue be dealt with in a series of separate bills. He has said comprehensive approaches to big problems can go “terribly awry,” and said at the Kentucky Farm Bureau forum in August, “We need to make changes, more merit-based, to people who can immediately help our country.”

Grimes, who has been short on specifics for many of her platform stances, has voiced clear support for the bill, which has languished in the Republican-controlled House.

Political committees supporting McConnell have called the bill “amnesty” because it would create what Grimes and other advocates call a “pathway to citizenship” for people who are in the U.S. illegally.

According to the Merriam-Webster dictionaries, amnesty is a pardon granted to a large number of people, or release from guilt or penalty for an offense. Black’s Law Dictionary defines it as

“A sovereign act of pardon . . . for past acts, granted by a government to all persons (or to certain persons) who have been guilty of . . . generally political offenses.”

The word does not fit the measure Grimes supports, Glenn Kessler wrote in the Fact Checker blog for the Washington Post.

“If the bill had become law,” Kessler wrote, “undocumented immigrants would have had to jump through all sorts of hoops before they could be considered for legal permanent residence, including registering with the government, having a steady job, paying a fine, paying back taxes, passing background checks, learning English – and then getting in line behind immigrants who had entered the country legally.” Under the provisions of the bill, earned citizenship would be a 13-year process.

In recent radio and TV commercials, Grimes has attempted to distance herself from the use of the word and asserts it is McConnell who supports amnesty, citing a bill passed in 1986 with his vote, granting conditional amnesty to 3 million undocumented immigrants. After the ads describe the bill, they say “Mitch is at the heart of everything that’s wrong in Washington.” However, the 1986 bill required steps similar to those in the current bill in order to gain citizenship.

Thus, both sides are using amnesty as a loaded word, which in one context suggests unconditionally pardoning millions who broke the law. Grimes, however, uses the word in the context that emphasizes an earned pathway to citizenship.

“You’ve got a good job, you have a background check, you learn English, you pay your taxes,” Grimes said recently. “That’s the American way.”

Grimes said at a recent a Commerce Lexington event that the issue is important in Kentucky because undocumented workers make up 4 percent of the state’s workforce. That number could not be confirmed; the Grimes campaign did not respond to requests for its source.

A state with a sizeable agricultural economy, Kentucky could stand to benefit from creating an earned pathway to citizenship for agricultural workers, whether through a comprehensive or piecemeal approach.

There is broader support in Congress for measures regarding agricultural workers than many other aspects of the Senate-passed bill. One provision would make it easier for experienced agriculture workers who are in the country illegally to move one step closer to obtaining a green card and legal residency in the U.S. They would have to pay all taxes, a \$400 fee, have no convictions for felonies or violent misdemeanors, and have had at least five years of agricultural employment for at least 100 work days per year, or at least three years of agricultural employment for at least 150 work days per year.

The election process and democracy in action. Despite some concerns by political pundits that a rally was set up last Saturday in Stanton to attack the opposing party, on the contrary the Powell County Democratic Party held up signs promoting their party’s candidates. Social media and calls to the Times about an Anti-Republican Rally turned out to be wrong and the right to freedom of peaceful assembly and free speech were on display. We at the Times respect both party’s views and ask that the voters go vote next Tuesday for the candidates of their choice.

## Police make arrest after theft of medications caught on tape at local nursing center

A call from a local nursing center led to the arrest of a nurse’s aide after a fellow employee reported a theft.

Last Monday, Stanton Police Chief Kevin Neal was notified by Powell County 911 Dispatch to respond to the Stanton Nursing Center in reference to a theft complaint. Upon arrival, Chief Neal was met by the staff of the nursing center and advised that an employee had been caught by staff and on video taking prescribed narcotics from another employees vehicle. The staff re-

ported that the person took the keys from the victim employee’s locker.

After conducting an investigation, Chief Neal arrested 30 year old Amy Lyle, of Stanton, charging

her with theft by unlawful taking of a controlled substance under \$10,000 and lodged into the Powell County Detention Center.

The investigation is on going.

The Right People, at the Right time,  
for the Right reason!  
**EXPECT MORE!**

Do you want this group of young men because they will work with our elected officials in Frankfort and Washington????  
Or will you let these boys stick it to you one more time for their parties sake???

Our present county judge executive, JAMES ANDERSON, would like for you to believe that he is moving Powell County in the right direction. DON'T BUY IT!!! Check your facts, do NOT be lead by the NOSE anymore. THIS county like our COUNTRY cannot stand anymore holier than thow people "mentality"! James did not support the Nadafest, he did not support the Corn Festival, the Natural Bridge Park Association or the Kiwanis Auction.  
Is he interested in our county-NO!

KEITH HALL

for Magistrate District 1 Precincts 1 and 6

My name is Keith Hall. I would like for you to consider me as your next magistrate for District 1, Precincts 1 and 6.

I have been married to Kimberly Combs Hall for 17 years. We have 2 beautiful children, Gracie and Presley Hall. I attend Clay City First Church of God. I am a member of the Powell County Lion's Club and a member of the Executive Board of Little League Baseball.

I have dedicated the last 20+ years to this community by either coaching baseball or basketball along with refereeing and mentoring the children of this community. This encompasses a lot of your children and your grandchildren.

I thrive to make our community safe and protected for the future of our current generation as well as those who will transition to become the future of our community.

I will continue to work with and give back to not my but OUR community. *I will stand up for my beliefs and will not hesitate to quash those that you and I do not support.* I will make myself an involved magistrate that you will be able to get in touch with, with any issue that may arise. I will not be one to stand back and be idle and only be visible when asking for your vote.

I may not be able to see each of you prior to November 4 but I ask that each of you go to the polls and cast your vote for an official that you will be proud to call **YOUR** magistrate.

The areas include: Hardwicks Creek, Snow Creek, Virden Ridge, Happy Top, Winchester Road, Tug Branch, Jones Road, Frames Branch, including others.

Re-Elect  
County Clerk  
**Rhonda  
Allen-Barnett**  
Experienced-Proven Audits!

Twelve years ago, you entrusted me to serve as your **County Clerk**. Prior to being elected as your Clerk, I served 8 years as Chief Deputy Clerk giving me over 20 years of experience in the Clerk’s office. I’m honored to have had this opportunity. We’ve had many changes over the years from new technology to the recent reapportionment and redistricting.

**Vote to keep experience, training and accuracy in the office of the Powell County Clerk!**

I have been in office as your County Clerk for three terms. Because of that, my abilities are proven.

**State Audits:** State audits have been completed without incident. These audits are public record and I encourage you to check them.

**Financial Reports:** I have made it a priority to complete the financial reports and distribution of tax money to special taxing districts on time, every time. Accuracy is crucial for this office and very important to me.

**Budgeting:** The Clerk’s budget is over \$2,500,000 annually. This is an allocation of your tax dollars. I commit to you to continue to plan a budget that saves money where possible and to allocate your tax dollars appropriately as I have in the past. Each year I have been in office, I have turned over excess fees to the Powell County Fiscal Court at the end of the year.

**Grant Funding:** Secured funds that provided the technology needed to rank the Powell County Deed Room as one of the top in the state of Kentucky. We have scanned all documents back to 1864. In 2014 I applied for and received \$25,000 in grant funds to further support the office technology.

**Election Process:** The election process is a duty of the Clerk that is a continuous, year long process. In addition tot he regular election duties, we also recently went through the reapportionment and redistricting of voters, as required by federal law every 10 years in relation to the census.

*As your County Clerk, I give you my promise; the one promise that I have given you from my first campaign. That promise is to treat everyone the same-with fairness and accuracy. In my eyes, we are all the same. If re-elected, I will give you four continuous years of the same sincerity I’ve always offered.*

**We’ve met every challenge!**

**As County Clerk**, I am proud of the progress we’ve made. The **training and experience** reflected in the deputy clerks enables each of us to better serve you, the citizens of Powell County. Together we have over **75 years** experience and service in the of- fice of the Powell County Clerk, and with my procedure training of over 500 hours, my clerks and I stand prepared to serve you confidently and accurately. Deputy Clerks, Kenny Faulkner, Deb- bie Ledford, Jackie Everman, Cathy Tipton and Linda Anderson are trained continuously in the various frontline and deed room operations of the office and are **devoted** to efficiently assisting you each day. Karen Graham (not pictured) has been the admin- istrative assistant for the past 11 years and works with book- keeping and other tasks. **We** ask for your vote of confidence for the next four years and look forward to serving all Powell County residents equally!

**The Office of the County Clerk Belongs to YOU--  
The Taxpayer and Voter!!!**

**I want to thank you** for your past support in electing me Powell County Clerk. It has been an honor to serve you. I humbly ask for your vote of confidence in the upcoming general election. I promise to fulfill the duties of this office and treat each of you with the respect you deserve.

Respectfully Yours in Service,  
*Rhonda Allen Barnett*
